During the checkout phase there will be an opportunity to upload your tax-exempt form. Once we receive and verify your information, we will adjust the taxes off the order and email you a new sales order.

Can I place my online order using a Purchase Order?

Yes, we accept PO's. To place your order online using a PO you must log in to your account or create an account. To do this, scroll to the top of the website and click on *Login or Register*. If you're registering for the first time, use your email for your username. After you've logged in there will be an opportunity for you to provide your PO number and even upload your purchase order during the payment method of the checkout phase.

Can I place my online order using a Purchase Order if I check out as a Guest?

Unfortunately, no. If you check out as a Guest you will be required to pay with a credit card. The credit card will not be charged until your order ships from our warehouse. We recommend creating an account which would give you the ability to place orders using a PO with net terms of 30 days. See the previous question for details on how to create an account.
